NATIONAL ARCHIVES MICROFILM PUBLICATIONS

12-10000

The two parts of this microfilm publication are reproduced from the original records maintained by the Bureau of Pensions and Veterans Administration for recording payments made from 1789 to 1815 to members of the Regular Military Establishment. The payment cards are part of a series of the Veterans Administration, Series Group 15.

Article I, Section 9, Clause 2, of the Constitution (1 Stat. 55), provided for the continuance of pensions approved by the Continental Congress. The act of March 26, 1793 (1 Stat. 243), that permitted the addition of new names to the list of existing pensioners, specifies that pension payment functions were to be executed by the Secretary of War. Not until legislation of 1815 and 1816 was the Secretary of War authorized to approve applications for pensions and to place names on the pension list with the approval of the President.

The office of the Secretary of War, the Office of Military Bounty Land, and the office of the Secretary of War, the Office of Pensions, were developed within the Secretary's Office. From 1793 until 1815 the unit was referred to as the Military Bounty Land and Pension Office (or Section). After the Bureau was divided into two units in 1815, the Pension Bureau and the Military Bounty Land, the former was generally referred to as the Pension Office. In March 1833 Congress provided (4 Stat. 62) for the appointment of a Commissioner of Pensions under the general direction of the Secretary of War. In March 1849 Congress established (9 Stat. 335) the Department of Interior, to which the Pension Office was transferred. On July 21, 1930, by Executive Order 3429, the Bureau of Pensions (formerly called the Pension Office) was consolidated with other agencies also serving veterans to form the Veterans Administration, an independent executive agency.

From about the middle of 1909, records of pension payments were kept in pension agency payment books. In 1907 the method was changed to a card system, and the transfer of basic information from the payment books to the payment cards for all invalids and widows still being paid was at the time of the change in method completed.

for the four classes. On the front of the cards entitled "Army Invalid" and "Navy Invalid" are the name of veteran, his certificate number, his unit or arm of Service, the disability for which pensioned, the law or laws under which pensioned, the class of pension or certificate, the rate of pension, the effective date of pension, the date of the certificate, any fees paid, the name of the pension agency or group transferred from (if applicable), the date of death, the date the Bureau was notified, the former roll number, and "home." On the reverse side of the form appear the name of the veteran, his certificate number, and the rate and record of the individual payments. On the "Army Widow" and "Navy Widow" cards, the widow's name replaces the veteran's, and the veteran's name replaces the information about the disability for which pensioned. A block is available on the "widow" card for recording payments made to minors. A major change in the form of the card occurred in 1923, when the payment was made monthly instead of quarterly. Pensioners whose payments extended beyond this period had their payments recorded on a second card—the monthly payment card. In the few instances where a communication has been attached to a card, the communication has also been filmed.

Also in Record Group 15 are the pension agency payment books from 1805 to 1909, which preceded the system of pension payment cards; the registers of pension certificates issued to Army and Navy veterans, their widows, and other dependents to 1914; and the registers of pension applications to 1916.

The editorial material for this publication was prepared by Maizie Johnson and Willna Pacheli.
